I would like to write about my experience in Sunday School this year with our teachers Iana and Katie. Even though I haven't attended Sunday School all the years, I'm excited that I could attend this year.

This year we were studying Acts, John, Genesis, Isaiah, Micah and Revelations. Also, it was nice that we were able to read and had a challenge to read on our own at home bible readings and the most that touched me was the book of Ruth. The most interesting one that I really liked from the lessons this year was Revelations. Revelations was most interesting to me because it taught about hope and what will happen in the future and how Jesus will come to earth to take us to heaven.

I liked how Jesus could only open the seals and reveal to us what will happen in the future. It was interesting to learn about how the first time Jesus came to earth on a donkey and the second time He will come on a Great White Horse. The bible lessons taught me a lot about hope. Hope for me means that one day I will be able to go to heaven and see Jesus face to face.

When I was reading the book of Ruth at home, I really liked how Naomi asked both of her daughter-in-laws to go back to their hometown but Ruth didn't listen to her and decided to stay with her in the country that was not native to her. And said that she will not leave her side and will go wherever she will go and be with her. But because of that God was able to provide for her and for her mother-in-law and gave her more than she expected. She was able to meet the owner of the fields, who was related to Naomi by the name of Boaz and Ruth was able to pick leftovers from his fields and she found favor in Boaz and he married Ruth. I really liked that Ruth was very dedicated to her mother-in-law and never abandoned her and stayed with her, even though it was very hard for her.

This year's Sunday School encouraged me to read the bible more and I learned a lot more this year. And after each lesson I would come home and talk to my parents about new lessons that I learned and asked questions that I haven't learned before. I am very grateful for being able to attend Sunday School this year and graduate.

Thank you Iana and Katie for this year's experience and I thank Andrey and dyadya Misha and every one else who taught us throughout this year.
